A PASTOR INSTALLED.

Rev. Matthew Haines Formally Installed as Pastor of the First Presbyterian Church.

The entire congregation, and many of the members of churches of other denominations assembled at the First Presbyterian last night, to witness the installment of Rev. Matthew L. Haines, as pastor. Rev. J. Rondthaler, Rev. L. G. Hay and Rev. Dr. Tuttle officiated, the former delivering a very interesting sermon, taking for his text John, xii, 20. In the course of his sermon Mr. Rondthaler said that the world was dying of the Gospel. It was asking for something fresh. The exorable world was tired of the old and everlasting truths of the Gospel. There was a class of people who feed upon the lecture room, and they say to the Church, "If your pastor lectures we will come and hear him." There was another class that wanted the tragedy, the drama, the comedy and the Divine Museum; and still another, known as the deep-thinking class, who hungered for philosophy. This class wanted to hear that Jesus never fed 5,000 people with a little bread and a few fishes. This they believed was an Eastern fable, related only for the purpose of teaching us economy. The speaker said he did not intend to condemn the world. It was honest, and in a straightforward manner made known its wants. The world wanted what would interest it and tickle its fancy, not what would eternally bless it. But the world should be denied the privilege of dictating to the Church what sort of sermons its ministers should preach. Christianity was a thing of power, and should be moulded by God instead of the world. Christian people should not be afraid that if there was too much gospel the attendance upon the Churches would be diminished. To-day the largest audiences were attracted to those churches whose members were demanding a clear and simple presentation of Jesus Christ. Such Churches did not depend on their ministers' drawing qualities, they are built on the rock of Jesus Christ, they could not be moved. Those who went into a Church should not expect to see a drama, nor should they who attend a theater anticipate hearing the gospel.

At the conclusion of his sermon Mr. Rondthaler asked Mr. Haines the questions that are usually propounded before a pastor-elect can take formal charge of his church, after which Rev. Dr. Tuttle gave the charge, saying that it gave him great pleasure to welcome the new pastor to the metropolis of his native State. Dr. Tuttle expressed the hope that the church would at all times feel the force of Mr. Haines' preaching, and concluded with some very kindly advice.

Upon Dr. Hay devolved the duty of giving the charge to the members of the church, and in the course of a brief address he referred to some of the members of the venerable church who had passed away. He also urged upon the people the necessity of assisting their new pastor in every conceivable way.

At the conclusion of the services the members of the First and other churches paid their respects to the pastor who is a very prepossessing gentleman, and will no doubt prove a success in his new field.

CAYLOR'S PETS DOWNED.

Indianapolis Wins the Game at Cincinnati in the Ninth Inning—The Detroitis To-Day.

CINCINNATI, April 12.—The Cincinnati Club suffered defeat again to-day at the hands of the Indianapolis nine, the latter winning by a score of 11 to 10. The visitors presented Miller and McGuire, while Reccius and Baldwin did battery work for the home team. Both pitchers were rapped hard, but Reccius suffered most, the visitors securing thirteen hits off his delivery, one of these being for a home by Poorman in the ninth inning, when the score stood 10 to 9 in favor of Cincinnati. Collins followed with a single to centre, stole second and third on Moriarty's hit to left. The home team played a miserable fielding game making a total of eight errors to the visitors four. The features of the game was the third base play of Donnelly and out-field work of Poorman. The latter made a running catch of a line hit and fielded the ball to second in time to retire a runner. The game was umpired by Reilly whose decisions gave general satisfaction.

TO-DAY'S GAME.

The Detroitis of the National League, arrived in the city last night, and will meet the home team at the Seventh street Park to-day. Jerry Dorgan and Marj Phillips, of last year's Indianapolis Club, are with them. The nines will be positioned in this manner:

DETROIT. Indianapolis. Phillips, short stop. Collins, right field. Bennett, right field. McGuire, Poorman, center field. Thompson, Wood, second base. Moriarty, left field. Moriarty, third base. Donnelly, Moriarty, catcher. Casey, Melike, pitcher.

DIAMOND DIST.

They continue to win.

Brennan will umpire to-day's contest.

What is Caylor's opinion of his pets at this stage of the game?

The Cincinnati Enquirer of yesterday gives Al Jennings a "roasting," and says that it was his intention to present Cincinnati with Saturday's game.

THE RAILWAYS.

E. L. Weisgarber, Master Mechanic of the Baltimore and Ohio shops in Neward, O., has received the following order: "On and after this date, and until further orders, you will work your forces nine hours per day. You will also drop from the service as many men as you can."

T. T. Green, of the Cincinnati Southern, says he expects an unusual watermelon crop, and reports that his road is making special arrangements for handling the business. He expects to haul more melons than last season. The road has a large number of specially built melon cars that will be put into use.

An important agreement has just been consummated between the Diagonal Line of Iowa and the lines forming the Central Iowa Traffic Association, by which the Wisconsin, Iowa and Nebraska Road agrees to close its lines in connection with the Central Iowa Road to points east of the Mississippi River in competition with the association lines, and to report all business of the Central Iowa in competition with the association lines to Commissioner Carnus. For this the Diagonal receives a stated

compensation monthly, mutually agreed upon, to be paid from the pool of the association lines. Some time since, when the Wabash asked for an increased percentage, the Wisconsin, Iowa and Nebraska Road applied for admission to the association and a share of the percentages, but it was believed that a stated monthly compensation is considered as its withdrawal from competition would prove a more equal arrangement. The Wabash percentage question is still being considered by the arbitrator appointed to adjust it.

The running cars on the Pacific Division of the Northern Pacific have lately been improved somewhat. The car shops at Tacoma have finished the work of replacing the old cast-iron wheels, used by the passenger coaches, with steel-tired wheels, and now all cars on passenger trains, including the mail, baggage and express, are similarly equipped. Another improvement is now being made by placing pneumatic signals on the passenger coaches away with the bell-cord. These improvements will also be adopted on the main line.

Postmaster Wildman Remembered.

Yesterday morning as the mail-carriers assembled at the Postoffice, E. E. Eddy called Mr. Wildman in, and in a few well-chosen words presented him with a gold-headed ebony cane. Mr. Wildman responded feelingly, referring to the pleasant relations which have existed between him and the carriers, and to the arduous duties of the latter. After some pleasant exchange of words, the little gathering was about to disperse, when E. P. Thompson was called back by J. T. Arnsted, who also in a short address presented him with a cane. Mr. Thompson was much affected by the presentation.

We have sent out from our Dress-Making and Millinery Departments this Spring some of the finest and most satisfactory work that has ever been seen here. We have the Talent, and can therefore produce the desired effect. We have no disposition to overcharge, and can turn out work unequalled by any establishment in the West at much lower prices than the same class of work and style can be obtained in larger cities. Ladies throughout the State will please bear this in mind, and a trial order will convince them of the truth of these statements. Our Spring Stock is now in and being duplicated as fast as possible, but there are many novelties in Silks and Dress Goods that we can not find again in the market, and ladies who come soonest will find the most complete stock to select from.

We have every desirable Novelty for Ladies' Dresses, Costumes and Wraps, with Rich and Suitable Combinations and Trimmings.

TO GENTLEMEN:

We desire again to call attention to our Tailoring Department. This Department was started about a year ago, and has made rapid strides in the favor of the best dressed men in this city and State. We started out with the idea that we could give our customers the best materials that we could procure, and that we would give them the best workmen, and produce a suit at a profit which in all instances is confined simply to material. We do this to enable us to buy largely and import directly from manufacturers. Try us once and you can not fail to be satisfied with the result. We carry an enormous stock of the best Suits, and guarantee to give you as well made and stylish a suit as can be produced. The prices are less than anywhere else for the same class of work.
